

DTF PRINTING

DTF printing (Direct to Film) is a modern method that transfers a design onto fabric using a special film and a heat press. It offers vibrant colors, excellent durability, and easily accommodates complex designs, while being cost-effective for small productions and customizations.

Production time :

Approximately 12 to 17 business days after visual approval and payment receipt. This timeframe may vary and/or increase depending on the time of year. NET30 accounts are automatically put into production after visual approval.

(Production time may vary depending on the time of the year.)
